Re: WC Dockets Nos. 05-196 and 04-36
Compliance Letter

Dear Ms. Dortch:

NuVox Communications, Inc. ("NuVox"), by its attorneys, and on behalf of itself and its state operating affiliates (collectively "NuVox"), hereby respectfully files the attached "Compliance Letter" in accordance with the requirements set forth in the Federal Communication Commission's Public Notice, *Enforcement Bureau Outlines Requirements of November 28, 2005 Interconnected Voice Over Internet Protocol 911 Compliance Letters*, WC Docket Nos. 04-36 and 05-196, DA 05-2945 (rel. November 7, 2005). Also attached is a "Motion of NuVox Communications, Inc. to Accept Late-Filed Compliance Letter."

Please feel free to contact the undersigned if you have any questions or need additional information.

Sincerely,

Todd D. Daubert,
Counsel for NuVox Communications,
Inc.

Attachment

NuVox Communications, Inc.
Interconnected VoIP 911 Compliance Letter
WC Dockets 04-36 and 05-196

NuVox Communications, Inc. (“NuVox”) submits the following 911 Compliance Letter (“Compliance Letter”), which contains all of the information described in the Federal Communications Commission’s (“Commission” or “FCC”) Public Notice, *Enforcement Bureau Outlines Requirements of November 28, 2005 Interconnected Voice Over Internet Protocol 911 Compliance Letters*, WC Docket Nos. 04-36 and 05-196, DA 05-2945 (rel. November 7, 2005) (“Public Notice”).

NuVox’s 911 Solution

NuVox provides 911 service, in compliance with the rules established in the Commission’s *VoIP 911 Order*¹ to 100% of its customers.

911 Routing Information/Connectivity to Wireline E911 Network

NuVox transmits “all 911 calls to the appropriate PSAP, designated statewide default answering point, or appropriate local emergency authority utilizing the Selective Router, the trunk line(s) between the Selective Router and the PSAP, and such other elements of the Wireline E911 Network as are necessary in those areas where Selective Routers are utilized.”² NuVox has dedicated 911 trunk groups that interconnect directly to each Selective Router serving its customer base. As of November 28, 2005, NuVox is directly interconnected with 110 Selective Routers.

Transmission of ANI and Registered Location Information

NuVox transmits, via the Wireline E911 Network, the 911 caller’s registered location and automatic numbering information (“ANI”) to all answering points that are capable of receiving and processing the information. As of November 28, 2005, 100% of the answering points within NuVox’s service area are capable of receiving and processing ANI and registered location information. Of NuVox’s customers, 100% have their registered location information and ANI transmitted to answering points capable of processing that information.

911 Coverage

As of November 28, 2005, NuVox has achieved full 911 compliance with the requirements of the *VoIP 911 Order* in all of its service areas.

¹ *In re: IP-Enabled Services; E911 Requirements for IP-Enabled Service Providers*, 20 FCC Rcd 10245 (2005) (“VoIP 911 Order”).

² *Public Notice, Enforcement Bureau Outlines Requirements of November 28, 2005 Interconnected Voice Over Internet Protocol 911 Compliance Letters*, WC Docket Nos. 04-36 and 05-196, DA 05-2945 at 3 (rel. Nov. 7, 2005) (“Public Notice”).

Obtaining Initial Registered Location Information

NuVox has obtained the registered location information for all of its customers, in compliance with the Commission's *VoIP 911 Order*. For existing and new VoIP customers, NuVox initially obtains customer registered location information from the Customer Service Agreement which requests information about the customer's location.

Obtaining Updated Registered Location Information

At this time, NuVox offers interconnected VoIP services only on a fixed basis. As such, customers must contact NuVox whenever they wish to establish a new service address, at which time NuVox would gather registered location information from the customer using the same procedures that apply to new customers. Moreover, as discussed above, in order to facilitate collection and verification of its customers' registered service locations, NuVox has established a toll free number that customers can call using the same equipment they use to access their interconnected VoIP service.

Technical Solution for Nomadic Subscribers

At this time, NuVox does not offer nomadic interconnected VoIP services.

**MOTION OF NUVOX COMMUNICATIONS, INC.
TO ACCEPT LATE-FILED COMPLIANCE LETTER**

NuVox Communications, Inc. (“NuVox”) hereby respectfully requests that the Federal Communications Commission (“Commission”) accept the attached “Compliance Letter of NuVox Communications, Inc.” (“Compliance Letter”) for filing in the above-captioned dockets. This motion and the attached Compliance Letter are being filed electronically in this docket one day after the original due date for the Compliance Letter filing.

NuVox’s Compliance Letter is being filed in accordance with the requirements set forth in the Commission’s Public Notice, *Enforcement Bureau Outlines Requirements of November 28, 2005 Interconnected Voice Over Internet Protocol 911 Compliance Letters*, WC Docket Nos. 04-36 and 05-196, DA 05-2945 (rel. November 7, 2005). NuVox was required to include in its Compliance Letter detailed information regarding NuVox’s voice over internet protocol (“VoIP”) service, the subscriber base for those services and the technical capabilities of the numerous emergency services facilities throughout NuVox’s service areas. This information had to be gathered from and verified by several sources within NuVox. NuVox wanted to ensure the accuracy of the information it was providing and consequently chose to delay the filing by one day so that the information could be verified.

No party will be prejudiced by permitting this Compliance Letter to be filed because the Compliance Letter is not the subject of a comment proceeding and thus there is no deadline by which any individual must file a response to this Compliance Letter. In addition, the public interest will be served by granting this motion because NuVox's Compliance Letter filing will contribute to the Commission's and the public's knowledge about the capabilities of NuVox's VoIP services and acceptance will cause no material delay or prejudice to other parties.

WHEREFORE, NuVox respectfully requests that the Commission accept the attached Compliance Letter in this proceeding.

Respectfully submitted,

By: 

Todd D. Daubert
